Škoda Auto recently unveiled **the new Enyaq**, taking one of Europe's most successful EVs to the Modern Solid era. The Škoda Enyaq and the Škoda Enyaq Coupé now feature the brand's new design language, enhancing their visual appeal. The updated Enyaq boasts an extended range, along with sustainable materials and extensive standard equipment.

1.	Germany	+29,200
2.	Türkiye	+8,600
3.	United Kingdom	+8,400
4.	Poland	+7,500
5.	Spain	+6,200

2024 Highlights

High demand for new SUV models

By the end of the year, **more than 20,000 orders** had been placed for the fully electric compact SUV Elroq, 10,000 customers in India have ordered the sub-4-metre Kylaq, an SUV designed for the Indian market.

1 million battery systems produced

Škoda Auto has been producing batteries at its Mladá Boleslav plant since 2019. Today, two assembly lines achieve a **daily output of 1,500 units**. These batteries are installed in the Škoda Enyaq and Škoda Elroq as well as other Volkswagen Group models.

More than 15 million engines built

Last December, Škoda celebrated 125 years of engine development and manufacturing in Mladá Boleslav. Since 1899, more than 15 million units have been produced in total. **This historic milestone** was marked with the production of the five-millionth engine in the EA 211 series.

Main partner of the Hockey Championship

Škoda Auto was the main sponsor of the IIHF Ice Hockey World Championship **for the 31st time**. Held in the Czech Republic, Škoda's home country, the event saw the Czech team secure gold. Škoda Auto also provided mobility solutions throughout the championship.
